My dear Mr. Wood:

Sometime ago at the request of Mr. F. P. Merritt of F. P. Merritt and Company, 25 West 43 Street, New York City, you were good enough to compile a short monograph on the Maria Theresa thaler.

Mr. Merritt's request was inspired by the fact that he had seen in this magazine a reference to the coin with the statement that we knew little or nothing about it and could find practically no data on it. In view of this circumstance, may we have your consent to use the article in the "Ask Adventure" department of this magazine?

Under separate cover I am sending you a copy of the magazine for October 30th so that you can judge what this department is.

By the way, will you please convey my cordial regards to Mr. Newell who was a classmate of mine at Yale.

Very truly yours,

F. H. Noyes

Dear Mr. Noyes:

I should be glad to have you publish the information I gave Mr. Merritt with regard to the Maria Theresa thaler. As this was not written for publication, I should appreciate it if you would look it over and put it into better shape where necessary. I would suggest that you change the wording here and there, or the arrangement, as I am planning to use these same notes for a forthcoming article of mine on a much larger subject.

I shall be glad to remember you to Mr. Newell.

Very truly yours,

Curator
